

# ZNODE CONNECT | SCRIBE

Instant connectivity and integration with leading ERP systems

Znode Connect for Scribe is a powerful tool that quickly connects and synchronizes the Znode ecommerce platform with ERP and other key business applications. Reduce implementation costs by virtually eliminating the need for custom data integration.

## Benefits

- Get the right data at the right time to deliver an outstanding buying experience for shoppers
- Synchronization of data ensures each system has the latest, most accurate data without requiring data entry overhead costs
- Timing of each element is controlled through an online interface to Znode Connect for Scribe

## Integrate

By leveraging Znode Connect for Scribe, the Znode platform quickly integrates key business application data for:

- Customer Accounts
- Orders
- Product Information

## Scalability

As online sales increase, Znode Connect for Scribe scales to the added volume and allows rapid additions of other business critical applications. Get the maximum return in the shortest amount of time from the Znode ecommerce investment.

### Prebuilt connectors:

#### Microsoft Dynamics

- Microsoft Dynamics AX
- Microsoft Dynamics NAV
- Microsoft Dynamics GP
- Microsoft Dynamics CRM

#### Salesforce.com

### Partner-enabled connectors:

#### Epicor (coming soon)

#### SAP

#### Oracle
